PATHWAYS

Welcome to Pathways

Wunan's mission is to enable Aboriginal people in the East Kimberley to lead independent and fulfilling lives. We believe that self-responsibility is the way forward and so focus our education, housing and job initiatives on individuals and families who are committed to improving their own lives. Overlaying these practical initiatives is our Living Change model, which seeks to tackle welfare dependency and encourage responsibility through community-led change and strong local leadership. This is a time of great opportunity for Aboriginal people and there are leaders and role models emerging who, with your support and ours, can ensure that the next generation of Indigenous Australians reaches its full potential.

Ian Trust, *Founder and Chairman*

EMPLOYMENT

Connecting with Corporate Australia

Wunan receives significant support from Corporate Australia through Jawun, an organisation that connects the corporate sector with Indigenous Australia. Jawun seeks to build the capacity of Aboriginal organisations that are pursuing a reform agenda and encouraging...

EDUCATION & EMPLOYMENT

New Initiatives

EMPLOYMENT

EDUCATION

Employment and Education are two of five strategic priority areas identified by Wunan. Two new initiatives impacting the East Kimberley Aboriginal community are currently being tendered by government and Wunan will pursue both with the aim of delivering improved services to those...

Kimberley Business Support

Kimberley Business Support (KBS) is Wunan's new enterprise through which we hope to assist other Aboriginal organisations develop. Many such organisations are small, and while delivering effective services, have limited internal capacity to handle administrative requirements such as accounting and payroll, and insufficient know-how to develop grant applications. Wunan has built a solid infrastructure of skilled people which can be leveraged across other...
